2009

Name	What I did after Leaving Homefield Preparatory School	What I am doing now
Robin Hartland	I joined Sutton Grammar School in year 7 and am now in year 13.	I am applying to study physics at university. I am also still playing the trumpet, which I started learning in year 3 at Homefield. I have passed grade 8 with distinction, and enjoy playing in the Sutton Music Service wind orchestra and symphony orchestra. I've been part of the team for a very interesting physics/electronics project through Sixth Form
